

Planning Requirements

Planning Requirements (4.3)

Planning Requirements (cont.)

The planning phase of ISO 14001 contains four distinct steps:

1. Environmental Aspects determination (4.3.1),
2. Legal and Other Requirements documentation (4.3.2),

Planning Requirements (cont.)

The planning phase of ISO 14001 contains four distinct steps:

3. Objectives and Targets development (4.3.3), and
4. Environmental Management Program development (4.3.4)

Planning Requirements (cont.)

The four step process may cause the Environmental Policy (4.2) statement to be an iterative process. Don't view this possibility as an impediment. It is just a opportunity to strengthen the Environmental Policy statement.
